Content

University will hold an online Seminar of Comprehensive Measures for Rural Teachers from Developing Countries in Shanghai from April 9 to April 29, 2021.

The main contents of the Seminar will be:

1. An Overview of China's Reform and Opening-up Policies and Innovative Practices in Educational Changes Driven by and Contributing to Economic and Social Development
2. An Overview of China's Educational Reform
3. Chinese Confucius Culture and Traditional Chinese Educational Philosophy
4. Education Agenda 2030 for Sustainable Development Goals
5. Learning Achievement Assessment and Quality Assurance Framework
6. Education Supervision and School Development
7. Education Reform in OECD Countries
8. Education and Innovation
9. Comparative Studies of Basic Education in the US and China
10. Training for China's Secondary School Principals
11. China's Inclusive Education: Theory and Practice
12. Application of Big Data Mining and Analysis in Education
13. China's Education Plans: 2010-2020-2035
14. Results and reflections from PISA 2018 and basic education in Shanghai
15. Basic education reform in Huangpu District, Shanghai
16. How to Achieve Quality Education: the case of No.2 High School attached to ECNU
17. The Current Situation and Development Trend of Education in Rural Areas of China
18. Higher Education Development in Asian and Developing Countries: Experiences and Challenges
19. The Development and Challenges of Teacher Education in China
20. The Governance of Higher Education in China
21. Vocational Education and Economic Development in China

Experts on education from within and outside of East China Normal University with some from around the world will be invited to give lectures and facilitate two-way interactions with the trainers. During the seminar, participants will be arranged to visit different kinds of schools in Shanghai through online platforms to help them learn more about the current practices of basic education in Shanghai and share experiences with each other. In addition, there will be online field trips to places of cultural, economic and educational interests in Shanghai. With these, participants are expected to better understand what China has achieved in education within broad context of socio-economic and cultural development since China's reform and opening-up beginning from early 1980's. At the same time, the opportunities of enhanced partnership and cooperation in education between China and other developing countries could also be facilitated in the years to come.

East China Normal University (ECNU), founded in October 1951, one of the 16 key institutions of higher learning under the direct auspices of the Ministry of Education of China since 1959, influential both at home and abroad. It is a member university of "Project 211" and "Project 985". In 2017, the university was listed as tier A member university for the development of world first-class universities of China and hence started the new journey ever since. On December 28, 2017, 12 disciplines of ECNU were listed as tier A nationwide with both Pedagogy and World History as A+ ranking 19 as a whole among all the universities in China during the fourth round of discipline evaluation carried out by China Academic Degrees & Graduate Education Development Center (CDGDC).

Teacher education is a unique advantage of ECNU. For decades, ECNU has trained a large number of outstanding teachers and educators for China. The University offers 30 doctoral programs of the State Primary Disciplines, 36 master's programs of the State Primary Disciplines, 21 professional master's programs, 26 post-doctoral mobile research stations, and 84 undergraduate majors. It has two National Primary Key disciplines, namely education and geography disciplines, five National Secondary Key disciplines, five National Key Cultivating disciplines, 12 disciplines enlisted as Class-A by the Ministry of Education of China, six disciplines included in Shanghai Peak Disciplines Program, twelve Shanghai key disciplines and 17 Shanghai first-rate disciplines. In the field of science, ECNU is home to two State key labs, one National Engineering Research Center, one National Field Observation and Research Station, one State-level International Joint Research Center, seven Key Labs and Engineering Centers of the Ministry of Education of China, one International Cooperation Joint Lab of the Ministry of Education of China, one Soft Science Research Base of the Ministry of Education of China, one Field Scientific Observation and Research Station of the Ministry of Education of China, one Research Center of the Ministry of Civil Affairs of China, one Key Lab of the Press and Publication Administration of China, one Engineering Technology Innovation Center of the Ministry of Natural Resources of China, 10 Shanghai Key Labs and Engineering Research Center, one Shanghai Collaborative Innovation Center, one Shanghai Engineering Research Center, one Shanghai Field Scientific Observation and Research Station, one Shanghai Soft Science Research Base, and one Shanghai Collaborative Innovation Center. ECNU is equally strong in liberal arts, with six Key Research Bases for Humanities and Social Sciences of the Ministry of Education of China, one National Key Research Base for Teaching Material Development, 11 Shanghai Philosophy and Social Sciences Innovation Research Bases and Shanghai Municipal Government Decision-making Consultation Research Bases, four Shanghai University Think Tanks, nine Shanghai Higher Institution Humanities and Social Sciences Key Research Bases, seven National and Regional Research Centers approved by the Ministry of Education of China, six National Liberal Arts and Science Basic

About the Organizer

Disciplines Talent Training and Science Research Bases, two State Experimental Teaching Demonstration Centers, one State VR Experimental Teaching Center, and eight city-level experimental teaching demonstration zones. The university sponsors or supervises the publication of nearly 23 Chinese and 4 English academic journals and periodicals. Its library collection has exceeded 4,800,000 volumes and 158 databases (450 sub-bases), and it also has 47 affiliated primary and secondary schools, and kindergartens.

Among the total staff of 4,394, there are 2,352 full-time faculty members, including 18 national academicians and 1,969 professors and associate professors, many of whom enjoy high reputation in their respective academic circles. Currently, there are 16,273 undergraduate students, 3,630 PhD students, 15,305 graduate students, and 1,527 international students for the study of degree programs on campus per year. ECNU has two main campuses located in Putuo and Minhang districts respectively, which overall has a total area of about 207 hectares.

The university follows closely diplomatic policies of the country by strengthening cooperation in related fields with other developing countries. In 2010, ECNU became the third university in China undertaking international degree programs after Peking University and Tsinghua University. The curriculum and teaching work are undertaken by the International Center for Teacher Education (ICTE). In 2014, ECNU, with the ICTE as the degree program undertaker, is approved by the Ministry of Education of China as one of the 12 national undertakers of international programs among 35 colleges and universities undertaking foreign aid programs, mainly "project 985" and "project 211" universities. Up to now, the ICTE has undertaken 10 international degree programs and cultivated 238 students with 236 graduated and 2 more for their second-year study of their two-year degree program from 51 countries in Asia, Africa, Latin America, Oceania and Europe.

Since 2011, the ICTE has started to undertake short-term seminars of the Ministry of Commerce of China which gradually became a routine every year. So far, 28 seminars have been held, of which one is an overseas seminar in Cuba, with a total of 804 participants from 67 countries in Asia, Africa, Latin America, Oceania and Europe. Teaching and working languages include English, French, Arabic and Spanish. In 2019, the ICTE also undertook training programs funded by the Ministry of Foreign Affairs of China.

In 2015, ECNU was entrusted by the UNESCO headquarters to run the one-year "UNESCO-China (The Great Wall) Co-sponsored Fellowships program---ECNU Advanced Training Programme" with again ICTE as its undertaker. As the only university in China to undertake the class-scale Great Wall fellowship Programme, ECNU appointed ICTE to undertake the curriculum and teaching work of this programme.

In 2019, ECNU was approved by the Ministry of Education of China to launch the two-year Master's program of "China-Africa Friendship Scholarship" program. The courses and teaching work are undertaken by the ICTE. In the same year, the ICTE also enrolled two-year Master's students sponsored by the Shanghai Government Scholarship Programs.

In December, 2014, approved again by both the Ministry of Education and the Ministry of Foreign Affairs of China, the "China-ASEAN Centre for Education and Training, ECNU" was established within ICTE. Besides, the "China-ASEAN Centre for Education and Training, ECNU" has become a council member of the Alliance of China-ASEAN Education and Training Centers since 2015 and a standing council member since 2016.

Seminar

Entrusted by the Ministry of Commerce of the People's Republic of China, East China Normal

Content

University will hold an online Seminar of Comprehensive Measures for Rural Teachers from Developing Countries in Shanghai from April 9 to April 29, 2021.

The main contents of the Seminar will be:

1. An Overview of China's Reform and Opening-up Policies and Innovative Practices in Educational Changes Driven by and Contributing to Economic and Social Development
2. An Overview of China's Educational Reform
3. Chinese Confucius Culture and Traditional Chinese Educational Philosophy
4. Education Agenda 2030 for Sustainable Development Goals
5. Learning Achievement Assessment and Quality Assurance Framework
6. Education Supervision and School Development
7. Education Reform in OECD Countries
8. Education and Innovation
9. Comparative Studies of Basic Education in the US and China
10. Training for China's Secondary School Principals
11. China's Inclusive Education: Theory and Practice
12. Application of Big Data Mining and Analysis in Education
13. China's Education Plans: 2010-2020-2035
14. Results and reflections from PISA 2018 and basic education in Shanghai
15. Basic education reform in Huangpu District, Shanghai
16. How to Achieve Quality Education: the case of No.2 High School attached to ECNU
17. The Current Situation and Development Trend of Education in Rural Areas of China
18. Higher Education Development in Asian and Developing Countries: Experiences and Challenges
19. The Development and Challenges of Teacher Education in China
20. The Governance of Higher Education in China
21. Vocational Education and Economic Development in China

Experts on education from within and outside of East China Normal University with some from around the world will be invited to give lectures and facilitate two-way interactions with the trainers. During the seminar, participants will be arranged to visit different kinds of schools in Shanghai through online platforms to help them learn more about the current practices of basic education in Shanghai and share experiences with each other. In addition, there will be online field trips to places of cultural, economic and educational interests in Shanghai. With these, participants are expected to better understand what China has achieved in education within broad context of socio-economic and cultural development since China's reform and opening-up beginning from early 1980's. At the same time, the opportunities of enhanced partnership and cooperation in education between China and other developing countries could also be facilitated in the years to come.
